About Us

The Mind Room is a health, wellbeing and performance psychology community based in Collingwood, Melbourne.

We believe that when people know more about how their minds work, they struggle less and live more meaningful, connected and satisfying lives.

We are about sharing quality psychological knowledge and tools to empower individuals, organisations and communities to not just survive, but thrive.

Our Philosophy

Know, love and grow your mind. Because thriving minds are good for business.

We inspire and promote good mental health and wellbeing by bringing psychology to the spaces that we live, work and play.

We apply evidence-based mental health and wellbeing science and tailor it for your business or project. We use language and experiences that fit with your industry and people. We are business savvy, pragmatic and creative in our approach.

Your role as a Clinical Partner

- You work with us as an independent contractor, not an employee, under a Services & Facilities Agreement.
- You hold full clinical independence — managing your caseload, availability and approach.
- You set your own fees and manage your own super, insurance, accounting and professional requirements.

Our culture

We're guided by our values — **integrity, curiosity, connection, action** and **joy** — in how we work, grow and care.

How We Support You

We provide a supported clinical community so you can focus on client care and your wellbeing.

- **Operational support** across reception, intake, finance, IT and administration.
- A skilled, friendly and collaborative **clinical community**
- A variety of peer supervision, **professional development** and reflection sessions
- Thoughtful, **well-matched** referrals
- A light-filled **co-working** area, studio space, and a kitchen stocked with refreshments
- 14 purpose-built **consulting rooms** and 3 **telehealth pods**
- **Cloud-based systems** — Halaxy, Coviu, Novopsych and Connecteam.

How The Model Works

Services & Facilities Agreement

We sign a Service and Facilities Agreement that sets out the key parts of how we work together, including:

- **Service & facility fees** — what you pay for the administration support and facilities you use.
- **Consulting room access** — when you're scheduled access to the venue and facilities.
- **Working expectations** — availability, communication, clinical standards, privacy, intellectual property, agreement termination.
- **Our commitments to you** — what to expect from a partnership with The Mind Room.

Service Fees & Invoicing

- **Service fee** covers reception, intake, practice management software, billing and admin support. Service fee applies to collected income — if you aren't paid, neither are we.
- **Facility fee** covers consulting room and venue access (none for telehealth blocks). Facility fees are spread across **52 weeks** for predictable and lower weekly costs.
- **Subscriptions** (optional) you select your own subscriptions at an additional monthly cost (e.g. Coviu, Novopsych)
- **Income statements** are issued by the 7th of the following month, with net income paid monthly from the 7th to 17th. No invoicing required by you, just check the statements.

Consulting Block Schedule & Fees

Block	Session Time	Collingwood Room Block	Remote / Telehealth
MONDAY to FRIDAY			
Block A	8am to 10am	$30 +GST	$0
Block B	10am to 1pm	$75 +GST	$0
Block C	1pm to 3pm	$50 +GST	$0
Block D	3pm to 6pm	$75 +GST	$0
Block E	6pm to 8pm	$30 +GST	$0
SATURDAY & SUNDAY			
Block F	9am to 1pm	$40 +GST	$0
Block G	1pm to 5pm	$40 +GST	$0

Room Block System

Shared Spaces
Our consulting rooms are shared spaces managed through a clear room-block system.

Monthly Allocation
Room blocks are allocated monthly, with changes requiring 30 days notice and effective from the start of the month.

Service & Facility Fees

We negotiate a service % fee with you based on your scheduled availability. The more you are paying in **facility** fees (i.e., more scheduled room blocks), the less you will pay in **service** fees. *Telehealth-only* blocks do not attract a facility fee.

Thank you
